

LAPTOP STANDS

WorkEz Executive laptop stand

The WorkEz Executive laptop stand is a versatile and hugely adjustable device that will transform the way you work on your laptop in different environments. The laptop stand positions your laptop to optimise the monitor height and typing posture. Made from aluminium, it is light-weight, durable and naturally dissipates heat. The stand adjusts up to 60cm tall to hold laptops at eye level whilst standing. When used with the keyboard tray, it can act as a versatile and affordable standing workstation for laptop users.

Do you use your laptop on the couch or chair?

Although it is not recommended to use your laptop on the couch, the Executive laptop stand will assist you with improving your posture and comfort while doing so.

- Raise your laptop off your lap!
- Create space to stretch your legs, move around and get comfortable.
- The 3-section legs are stable on the couch.
- The aluminium panel keeps your laptop cool.
