

# Ergo Anywhere+ Laptop Stand USB Hub

Ensure that you reduce neck and back strain caused by laptop use. Make us of this stylish, height adjustable, compact laptop stand that is easy to move around when needed. It can be used to place laptops, tablets or books in a more ergonomic position. The built-in 4 port USB hub makes it easy to connect your peripherals to your laptop with 1 USB cable

A stylish, height adjustable, compact, lightweight and portable stand to place laptops, tablets or books in an ergonomic position.

Includes a built-in 4 port USB Hub for connecting your peripherals.

Relieve back, neck and eye strain by placing your laptop screen at the correct viewing level. Compatible with most laptops, this is a convenient and versatile option for optimising your performance and overall health while using your laptop, providing you with the ability to adjust the height and angle of your laptop within seconds.

The angle/height adjustment can be stopped at any level or angle, ensuring the perfect fit for your specific requirements. Enjoy more comfortable computing and improved ease of use with the Ergo Anywhere+ laptop stand.
